Supply Chain Forecast Sharing under Asymmetric Forecast Preferences. Under revision at <i>Production and Operations Management</i>. [Link]</div></div> <div>(* indicates equal contribution)</div>
TEACHING EXPERIENCE	<div>Production and Operations Management (UGBA 141) Haas School of Business, UC Berkeley <i>Graduate Student Instructor</i></div> <div>Spring 2022</div>

Marketing (UGBA 106)
 Haas School of Business, UC Berkeley
Grader Fall 2020

Introduction to Stochastic Processes (IEOR 173)
 Department of Industrial Engineering & Operations Research, UC Berkeley
Graduate Student Instructor Spring 2020

Mathematical Programming (IEOR 262A)
 Department of Industrial Engineering & Operations Research, UC Berkeley
Graduate Student Instructor Fall 2019

Applied Stochastic Processes (IEOR 263A)
 Department of Industrial Engineering & Operations Research, UC Berkeley
Grader Fall 2018

Multivariate Real Analysis
 School of Mathematical Sciences, USTC
Undergraduate Student Instructor Spring 2016

INDUSTRY
EXPERIENCE

Amazon
 Supply Chain Optimization Technologies (SCOT) team, New York City, NY
Research Scientist II Intern May 2021 – Aug 2021

- I built statistical models and conducted data analysis to analyze the impacts of delivery speed on demand. I provided counterfactual prediction that supported the inventory planning and control team in selecting the most desired products into the faster delivery program.
- I coauthored a technical report, and the report was accepted to the causal inference workshop of Amazon’s annual machine learning conference.

Research Scientist I Intern May 2020 – Aug 2020

- I worked as part of the demand forecasting team to provide reliable demand prediction to guide downstream decision-making amid the challenges of oscillating demand and unstable supply during COVID-19.
- I developed a demand forecasting methodology with features of fine granularity in time and space. My prototyped model was continued by the team for production in the whole US marketplace after my internship.

Alibaba Group
 Data Science Decision Support team of Alibaba Cloud, Sunnyvale, CA
Student Research Intern May 2019 – Aug 2019

- I studied and proposed time series forecasting methods for cloud computing demand.

OTHER
EXPERIENCE

University of California, Los Angeles
 Department of Statistics
Research Assistant June 2016 – Sept 2016
 Mentors: Prof. Ying Nian Wu and Dr. Jianwen Xie

SERVICES &
ACTIVITIES

Session Chair of “Learning and Optimization in Pricing” at INFORMS 2022

Departmental Service

- Volunteer, IEOR new student orientation 2019, 2021 & 2022
- Panelist, IEOR information session for prospective students 2021
- Signatory committee member, IEOR graduate student organization 2020

Reviewer for *Annals of Statistics*

SELECTED HONORS & AWARDS	Winner, YinzOR Student Conference Flash Talk Competition	2022
	Graduate Division Conference Travel Grant, UC Berkeley	2021 & 2022
	Finalist, MSOM Data-Driven Research Challenge	2020
	Winner, IISA Best Student Paper Award in Theory & Methods	2020
	Berkeley Fellowship	2017 – 2022
	Outstanding Graduate Award (provincial)	2017
	UCLA-CSST Fellowship	2016
	National Scholarship (top 2% of the department)	2015 & 2016
	First Prize, National College Student Mathematics Contest	2014
	First Prize, China Mathematical Olympiad (provincial)	2012
	Silver Medal, China Girls Mathematical Olympiad	2011 & 2012

TALKS	Intertemporal Pricing via Nonparametric Estimation: Integrating Reference Effects and Consumer Heterogeneity	
	INFORMS Annual Meeting, Anaheim, CA	Oct 2021
	INFORMS Revenue Management & Pricing Conference	June 2021
	MSOM Data-Driven Challenge Finalist Presentation	Nov 2020
	INFORMS Annual Meeting, Online	Oct 2020
	INFORMS Annual Meeting, Seattle, WA	Nov 2019
	A Nonparametric Maximum Likelihood Approach to Mixture of Regression	
	IISA Student Paper Award Presentation	July 2020
	Amazon SCOT Visiting BAIR Workshop, Berkeley, CA	Jan 2020
	Learning While Repositioning in On-Demand Vehicle Sharing Systems	
	YinzOR Student Conference, Pittsburgh, PA	Aug 2022
	INFORMS Revenue Management & Pricing Conference	June 2022

OTHER	Computing skills: Python, R, MATLAB, Gurobi, AMPL, SQL, experience with large-scale real-data processing and analyzing	
	Hobbies: cooking, hiking, tennis, traveling	

Last updated: September 2022
